-PROJECT EXAMPLES-

*All Community Coaching Projects are custom designed and priced to fit your needs,
these examples give you an idea of the types of services we can provide.*

State QRIS Family Child Care Project Example

Cohort Size: 10 Family Child Care Business Owners

Goal: To improve quality rating in state QRIS by one level.

Background Assessment:

After a FCC Spectrum© Assessment, Community Coaching determined all 10 FCC Business Owners were in Sector 2 of their career with a desire to reach Sector 3 or further. QRIS ratings were ranging from 2-3 stars.

A FCC Balance© Survey and Report identified areas of fragility for each participant. Coaching questions were generated to guide QRIS coaches in supporting improvements in fragile areas first to create balance, and next step coaching for curriculum improvements.

Community Coaching provided 10 hours of coaching to the QRIS coaches to guide development of a Coaching Action Plan specific to each participant.

Community Coaching also provided an additional Systems Recommendation Report based on trends found in initial surveys and reports and 10 hours of coaching to Administrators and QRIS coaches, one hour every other week, to address current issues and system challenges and provide additional coaching support and guidance.

Project Timeline: 6 months

Project Costs:

\$10,000 = \$1000 per participant initial assessments, reports and coaching plan coaching calls

\$500 = Systems Recommendation Report

\$2,500 = 10 additional hours of coaching

\$13,000 TOTAL PROJECT COST

COACHING

-PROJECT EXAMPLES cont.-

School District Family Child Care Preschool Expansion Project Example

Cohort Size: 10 Family Child Care Business Owners

Goal: To increase capacity for school district preschool classrooms by partnering with, and inclusion of, family child care businesses.

Background Assessment:

After a FCC Spectrum© Assessment, Community Coaching determined all 10 FCC Business Owners were in Sector 3 of their career with a desire to reach Sector 4 or further. QRIS ratings were ranging from 4-5 stars.

A FCC Balance© Survey & Report identified areas of fragility for each participant. Coaching questions were generated to guide QRIS coaches in supporting improvements in fragile areas first to create balance, and next step coaching for implementation of school district curriculum and assessment .

Community Coaching provided 10 hours of coaching to the QRIS coaches to guide development of a Coaching Action Plan specific to each participant.

Community Coaching provided a 3 hour Professional Development session on Business Practices, as this was identified as a fragile area for most of the cohort and needed strengthening before moving forward with curriculum and assessment implementation plans.

Community Coaching also provided an additional Systems Recommendation Report based on trends found in initial surveys and reports and 20 hours of coaching to Administrators and QRIS coaches, one hour every week, to address current issues and system challenges and provide additional coaching support and guidance.

Project Timeline: 1 school year

Project Costs:

\$10,000 = \$1000 per participant initial assessments, reports and coaching plan coaching calls

\$500 = Systems Recommendation Report

\$3000 = Professional Development on Business Practices

\$5,000 = 20 additional hours of coaching

\$18,500 TOTAL PROJECT COST

-PROJECT EXAMPLES cont.-

State Office of Children & Families Project Example

Goal: To inform statewide QRIS efforts by gathering information through the FCC Spectrum© and FCC Balance© reports.

Total Participants/Reports = 600

FCC Spectrum© Assessment and FCC Balance© Report Survey was conducted throughout state for every licensed family child care business.

Spectrum©, Balance©, and Systems Recommendation reports were presented to state office staff to guide state QRIS efforts.

Project Timeline: 1 month

Project Costs:

\$300,000 = \$500 per participant initial survey and Spectrum© and Balance© Reports

(Note: per participant price discount for large projects)

\$3,000 = Systems Recommendations Report and Presentation

\$330,000 TOTAL PROJECT COST
